Chapter 7. Louisiana State Standards for Teacher Preparation Programs

§701. Introduction
[Formerly §301]

A. Each teacher preparation program seeking approval from the Board of Elementary and Secondary Education (BESE) is required to incorporate and adhere to CAEP standards and to track closely the CAEP accreditation process. It is the responsibility of the teacher preparation program to prepare and present a clear description of how it is responding to each of the Louisiana standards within the accreditation process.

B. The rubrics, as listed, develop a continuum of quality regarding a beginning teacher's ability to meet effectively the requirements of the five domains in *The Louisiana Components of Effective Teaching*. The integration of the Louisiana Content Standards is to be evidenced in the teacher education curricula of each teacher education unit. Each teacher education program must show evidence of integration.
