OFFICIAL BOARD MINUTES

Meeting of October 12, 2016

LOUISIANA STATE BOARD OF ELEMENTARY AND SECONDARY EDUCATION

OCTOBER 12, 2016

**The Louisiana Purchase Room
Baton Rouge, LA**

The Louisiana State Board of Elementary and Secondary Education met in regular session on October 12, 2016, in the Louisiana Purchase Room, located in the Claiborne Building in Baton Rouge, Louisiana. The meeting was called to order at 9:18 a.m. by Board President Jim Garvey, and opened with a prayer by Ms. Debbie Meaux, Louisiana Association of Educators.

Board members present were Dr. Holly Boffy, Mr. Tony Davis, Ms. Kathy Edmonston, Mr. Jim Garvey, Ms. Sandy Holloway, Dr. Gary Jones, Ms. Jada Lewis, Mr. Tommy Roque, Dr. Lurie Thomason, and Ms. Doris Voitier.

Ms. Kira Orange Jones was absent.

Mr. Shane Ridley, Louisiana Association of Educators, led the Pledge of Allegiance.

Public comments were received from Mr. Shawn Fleming, Louisiana Developmental Disabilities Council; Mr. Jimmy Gore, Louisiana Commission for the Deaf; and Mr. Scott Richard, Louisiana School Boards Association, who provided Board members with a copy of Senate Resolution 180, 2016 Regular Legislative Session.

Agenda Item 2. On motion of Ms. Holloway, seconded by Dr. Boffy, the Board approved the agenda, as printed and disseminated. (Schedule 1)

Agenda Item 3. On motion of Dr. Boffy, seconded by Dr. Jones, the Board approved the minutes of August 10, 2016.

Agenda Item 4. **Report by the State Superintendent of Education**

State Superintendent of Education White highlighted the following in his report to the Board:

- Performance ratings for last year will be released. For the first time, the state will release a comprehensive report of results for child care centers, Headstart centers, and pre-kindergarten. There will

(Continues on page 2)

be a staged release of these results over the course of late October and early November 2016. The report will allow child care centers to see what is happening and how the centers can improve through strong curriculum and professional development choices.

- Last week, the LDE issued a draft framework for the Every Student Succeeds Act (ESSA). ESSA does not call for specific policies, but instead calls for states to have a comprehensive plan for school improvement. As a result, the LDE felt it needed to demonstrate to the public how policies, grants, programs, and supports can fit together into one comprehensive plan. Louisiana is far away from the 2017 development of a final plan and submission of that plan, but the action taken so far does advance the process forward. In a few weeks, State Superintendent of Education White will begin a statewide tour for the purpose of receiving more public comments. The Accountability Commission, Special Education Advisory Panel, Nonpublic School Council, and Early Education Task Force will review the framework and provide input. In early November, the framework will also be brought to the Superintendents' Advisory Council and the Superintendent's Task Force for review and input.

Amount:	\$175,000.00

(Motion continues on page 11)

Funding Period: 10/12/2016 - 03/31/2017
Source of Funds: Federal

Purpose: The purpose of Believe and Prepare: Early Childhood is to support the development of Early Childhood Ancillary Certificate Programs, and to help lead teachers meet the credential requirements within policy. Through the provision of startup funding and ongoing technical support, Believe and Prepare: Early Childhood funds will elevate and professionalize the child care workforce, expand state availability of high-quality teacher preparation programs, and increase the number of children who have access to a teacher with the knowledge and skills necessary to support early childhood development.

Basis of Allocation: Allocations to teacher preparation programs will reimburse the initial startup costs such as technology, supplies, additional staff, and candidate recruitment.

Student Centered Goals - Competitive

5.2.7 On motion of Mr. Davis, seconded by Dr. Jones, the Board approved the following allocation:

Allocation: CLASS Pilot Enhancing Instruction for Special Learners - IDEA 619
Amount: \$0
Funding Period: 08/10/2016 - 06/30/2017
Source of Funds: Federal

Purpose: The LDE wants to support children with disabilities and their teachers with its commitment to the research-based concept of improving kindergarten readiness by improving adult/child interactions in early childhood settings. The CLASS observation tool for Toddler and Pre-K classrooms is an integral component of this initiative. Classrooms in publicly funded early childhood programs serve a broad spectrum of at-risk children including those identified with disabilities. Recognizing that the adults in these classrooms face the challenge of meeting the needs of all children in their classes, the LDE has identified a set of coaching supports aligned with the CLASS tool and is prioritizing programs where there are children with identified disabilities to receive them. These coaching supports are intended to directly

(Motion continues on page 12)

assist the adults working with children and to assist programs with building and enhancing capacity to support classroom personnel.

Basis of Allocation: Allocations for Lead Agencies are based on the number of support models used and the number of projected teachers and coaches involved.

Two districts opted out of the pilot due to flooding. Eighty thousand dollars was subtracted from the allocations of Livingston and Terrebonne parishes. One hundred forty thousand dollars was added to the allocations of Iberville, Jefferson Davis, Lafayette, Ouachita, and Red River parishes due to additions to their pilot programs. (-\$80,000+\$140,000) = positive \$60,000 net effect.

5.2.8 On motion of Mr. Davis, seconded by Dr. Jones, the Board approved the following allocation:

Allocation: Jobs for America's Graduates - Louisiana
Amount: \$250,000.00
Funding Period: 07/01/2016 - 06/30/2017
Source of Funds: IAT-TANF/PETS

Purpose: The Jobs for America's Graduates - Louisiana (JAG - LA) program is a dropout prevention/recovery and workforce preparation program for at-risk youth. JAG – LA seeks to keep at-risk students in school through graduation to obtain a high school diploma or a high school equivalency diploma, and during that time improve the rate of success students achieve in acquiring employability and occupational competencies.

Basis of Allocation: Grant allocations for continuation request was conducted to determine the grant awards for FY 2016-2017. Applications were read and scored according to the established selection criteria and the ability to meet the requirements of the 2015-2016 JAG - LA Grant. Due to rejection of awards, the next applicants are being awarded.

Basis of Allocation: Allocations will be provided to both district and charter school LEAs using funds from the federal 1003g grant program. Recipients of funds submitted competitive grant proposals to the LDE and were evaluated using a rubric by a review committee. Funding determinations were based on applicant score, status of the LEA school transformation efforts, and proposed school improvement model.

(Motion continues on page 14)

The Winn Parish allocation will provide a stipend to a teacher who is helping implement: (1) a low-cost, secure, and scalable Micro-Enterprise Credential exam portal that will provide students with multiple opportunities to pass this IBC exam without additional costs to the high schools/districts; and (2) an easy-to-use credential tracking portal. The teacher earned a Micro-Enterprise Credential during the summer of 2016 and is providing invaluable technical assistance that will make it intuitive for teachers to help students earn a Micro-Enterprise Credential while minimizing costs for LEAs.

The LCA allocation will provide a stipend to a teacher who is helping implement the Jump Start Video Network (JSVN). JSVN videos will provide parents, students, and teachers with critical program information about Jump Start CTE programs of study, with a focus on how students can attain innovative industry credentials (Micro-Enterprise Credential [Small Business Entrepreneurship], Certification for Manufacturing [C4M], various IT and healthcare credentials, etc.) tied to high-demand industry sectors in Louisiana. The short videos featuring Louisiana students and educators can be viewed on phones and computers. LEAs across the state will be able to embed the videos in district and school websites in order to provide students, parents, and teachers with information about Jump Start CTE courses of study.

Basis of Allocation: Individual allocations are based on the breadth and duration of services being provided by the teachers engaged in these initiatives.

The network will support district and school leaders in completing assessment inventories. The grant provides professional development and technical assistance at the district and campus levels. This is a continuation of trainings covering four focus areas that were identified in the grant to increase student performance when implemented by school staff. The four focus areas are data-based decision making, family-school partnerships, inclusive practices, and culturally responsive practices.
