**Chapter 23. Charter School Funding**

**§2301. State Funding**

A. The per pupil amount provided to a type 1, 2, 3, 3B or 4 charter school shall be computed at least annually and shall be equal to no less than the per pupil amount received by the school district in which the charter school is located from the following, except as provided in Paragraph E of this Section.

B. Initial allocation of the per pupil amount each year shall be based on estimates provided by the Louisiana Department of Education using the most recent local revenue data and projected pupil counts available. Allocations may be adjusted during the year to reflect actual pupil counts.

C. For the purposes of funding, each type 1, type 3, and type 4 charter school shall be considered an approved public school of the local school board entering into the charter agreement and shall receive a per pupil amount each year from the local school board based on the October 1 membership count of the charter school and any other membership count authorized pursuant to the Minimum Foundation Program formula adopted each year.

D. Type 5 charter schools shall receive a per pupil amount each year pursuant to formulas developed by the RSD which may include differentiated funding for certain students, including students identified as being eligible for special education services, and based on the October 1 membership count of the charter school and any other membership count authorized pursuant to the Minimum Foundation Program formula adopted each year.

E. A school district with one or more Type 3B charter schools shall distribute Minimum Foundation Program formula funds to each type 1, 3, 3B, and 4 charter school using the weighted allocations provided for in the most recently adopted Minimum Foundation Program formula.

1. A parish that contains a municipality with a population of three hundred thousand or more persons according to the latest federal decennial census shall use the allocation method provided for in this Paragraph no earlier than the 2018-2019 fiscal year for all Type 1 and Type 3 charter schools authorized by the school board and in operation prior to the 2013-2014 school year.

2. For all other type 1, 3, and 4 charter schools in such a parish, the school board may request the use of a differentiated distribution methodology to be approved by the LDE.

F. Type 2 charter schools approved prior to July 1, 2008 shall receive a per pupil amount from the Louisiana Department of Education each year based on the October 1 membership count of the charter school and using state funds specifically provided for this purpose. In order to provide for adjustments in allocations made to type 2 charter schools as a result of changes in enrollment, BESE may provide annually for a February pupil membership count to reflect any changes in pupil enrollment that may occur after October 1 of each year. Type 2 charter schools authorized by the state Board of Elementary and Secondary Education after July 1, 2008, shall receive a per pupil amount each year as provided in the Minimum Foundation Program approved formula.

1. Any allocation adjustment made pursuant to this Paragraph shall not be retroactive and shall be applicable for the period from March 1 through the end of the school year. The provisions of this Paragraph relative to an allocation adjustment shall not be applicable to any type 2 charter school that has had an increase or decrease in student enrollment of 5 percent or less in any school year for which the February membership count occurs.

G. A charter authority may annually charge each charter school it authorizes a fee in an amount equal to two percent of the per pupil allocation that is received by a charter school for administrative overhead costs incurred by the chartering authority for considering the charter application and any amendment thereto, providing monitoring and oversight of the school, collecting and analyzing data of the school, and for reporting on school performance. Such fee amount shall be withheld from the per pupil amount in monthly increments and shall not be applicable to any federal money or grants received by the school. Administrative overhead costs shall not include any cost incurred by the charter authority to provide purchased services to the charter school.

1. At least 30 days prior to the beginning of each fiscal year, each charter school shall be provided by its chartering authority with a projected budget detailing anticipated administrative overhead costs and planned uses for fees charged for such costs.

2. By no later than 90 days following the end of each fiscal year, each charter school shall be provided by its chartering authority or the Recovery School District, if applicable, an itemized accounting of the actual cost of each purchased service provided to the charter school.

3. The state Department of Education may withhold and retain from state funds otherwise allocated to a local public school system through the Minimum Foundation Program an amount equal to one quarter of one percent of the fee amount charged to a type 3B charter school for administrative costs incurred by the department for providing financial oversight and monitoring of a Type 3B charter school acting as its own LEA.
