Basis of Allocation: In this pilot year, high school students (grades 9-12) were selected by Pre-Educator sponsors and teachers from school systems that actively participate in regional, state, and national events. Leaders from these systems also consistently engage in quarterly meetings and site visits to support the continued growth of their Pre-Educator programs. Once they complete this review and the School Leader Licensure Exam, they may apply for certification from the LDOE to serve as a school leader within Louisiana Public Schools.

Basis of Allocation: Individuals selected to serve as mentors are current principals or principal supervisors with a demonstrated history of success within school leadership. A number of mentors were selected to participate as mentors, but only those matching the necessary components (common grade band, experiences, location) were paired with participants. Each mentor receives a specific amount depending on the number of participants they support (1 participant = \$750; 2 participants = \$1000; 3 participants = \$1500).
