Subchapter B. Reopening School Facilities for the 2020-2021 School Year

§1105. Purpose and Background

A. This Chapter provides minimum health and safety standards regarding the reopening of school facilities for the 2020-2021 school year in response to the coronavirus disease (COVID-19) pandemic in order to ensure that students, faculty, staff, and others on school property are protected to the maximum extent possible and practical. These minimum standards regarding the reopening of schools for the 2021-2021 school year expire on June 30, 2021. Any future requirements for schools related to a statewide pandemic will be communicated as needed.

B. The requirements contained within this Subchapter were developed by the LDE in coordination with the LDH using guidance provided by the Centers for Disease Control (CDC) regarding school settings, defined as a setting in which educational services are provided to children. As research and information about COVID-19 is updated, or if the LDH or CDC revise guidance regarding school settings, the LDE will review the standards contained within this Subchapter and, as appropriate and necessary, propose revisions of this Subchapter to BESE.

C. While the requirements outlined in this Subchapter are designed to mitigate the spread of COVID-19 and to create a safe and healthy environment for students, faculty, staff, and others on school property, no requirement or plan guarantees that individuals will not contract COVID-19.

D. By executive proclamation, the governor establishes the statewide phase(s) of reopening (phase 1, phase 2, or phase 3). If the local governing authority of a parish or other municipality has established a more restrictive phase of reopening, the LEA located within that parish or municipality must conform to the more restrictive requirements.

1. Subsequent to the reopening of school facilities for the 2020-2021 school year and in coordination with requirements outlined in 168 JBE 2020, LEAs may continue to follow the Phase 3 minimum requirements for reopening school facilities as set forth in this Chapter.

E. In the event the governor orders, via executive proclamation, a reversion or progression from one phase of the state reopening plan to another, BESE shall immediately communicate the substance of such executive proclamation to each LEA, including the impact of the executive proclamation on the roles, responsibilities, and requirements of each LEA in the state.

1. If necessary, as a result of such executive proclamation, BESE may:

a. consider revisions to regulations pertaining to the phased reopening of school facilities for the 2020-2021 school year; or

b. authorize the LDE to issue detailed guidance to each LEA in the state to include the roles, responsibilities, and requirements of each LEA in the state in response to the executive proclamation.

F. Medical or disability impact exceptions to any standard in this Chapter should be addressed on an individual basis by the LEA in accordance with local policies.

G. For the purposes of this Chapter, the following definition will apply.

Physical Distance—the act of an individual maintaining a space of at least three feet from another individual.

If there is no statewide or district mandate in place, the lifting of this requirement will be determined by the Local Education Agency (LEA) at the appropriate time, based on the recommendation issued of the LDH.
