§307. Diabetes Information, Management, and Treatment

A. - I.6.

J. Distribution of Type I Diabetes Information. The LDOE shall provide informational materials developed by LDH to each LEA. Each LEA shall distribute the information to parents and legal guardians of all pre-k, elementary, and secondary students upon enrollment and annually thereafter by posting the information on the school website or by electronic distribution. The information includes, but is not limited to:

1. a description of type 1 diabetes;
2. a description of the risk factors and warning signs associated with type 1 diabetes;
3. a description of the need for screening of all students for early detection of type 1 diabetes using a blood autoantibody test;
and
4. a recommendation that a parent or guardian of a student displaying warning signs associated with type 1 diabetes or positive early detection screening results should immediately consult with the student's primary care provider to develop an appropriate treatment plan. The treatment plan may include consultation with and examination by a specialty care provider, including but not limited to a properly qualified endocrinologist.

AUTHORITY NOTE: Promulgated in accordance with R.S. 17:436.3, and R.S. 17:436.3.1.
