Further changes include policy updates in response to the recommendations of the Let Teachers Teach Workgroup. The proposed changes remove discipline statistics from criteria for assigning intervention status in the state accountability system and update requirements regarding lesson planning and instruction.

#### II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

There is no anticipated effect on the revenue collections of state or local governmental units as a result of the proposed rule change.

#### III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS, SMALL BUSINESSES, OR NONGOVERNMENTAL GROUPS (Summary)

Educators may realize a reduction in workload due to the removal of several state-mandated training requirements. There is no anticipated impact on small businesses or nongovernmental groups.

#### IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)

### **EDUCATION**

#### **Part XCI. Bulletin 1922—Compliance Monitoring Procedures**

##### **Chapter 1. Overview**

##### **§101. Monitoring**

A. Monitoring is an integrated, comprehensive process to ensure a free, appropriate, public education for all children with disabilities and to assess and ensure program effectiveness for all children with disabilities in public schools. This includes students with disabilities, ages three through twenty-one.

B. The integrated monitoring system for Louisiana, through the analysis of various quantitative and qualitative data, will focus state resources on improving educational program outcomes for students with disabilities through a comprehensive, data-based process. Annually, the Louisiana Department of Education (LDOE) will select a list of specific variables and performance indicators for comparative purposes for all local educational agencies providing services to children with disabilities. This list is a combination of federally-required indicators, the required areas in §111 of this Part, state performance indicators or goal areas.

C. - D.3. ...

4. At least once within a six-year period based on the duration of the State Performance Plan/Annual Performance Report (SPP/APR), LEAs will receive monitoring activities. LDOE may impose more frequent or targeted monitoring as determined necessary.

##### **§107. Corrective Action and Sanctions**

A. The LDOE has the responsibility to monitor all public educational agencies with programs for children with disabilities ages three through twenty-one within the state for compliance with applicable state and federal laws, regulations, and standards.

B. ...

C. LDOE determines the need for a corrective action plan (CAP) to address findings of non-compliance on an individual LEA case-by-case basis. If the LDOE requires a CAP as a result of risk-based monitoring activities, it will be developed in collaboration with the LDOE following the LEA's receipt of the LDOE's monitoring report. The CAP shall be submitted for approval to the LDOE within 35 business days of receipt of the monitoring report. However, upon receipt of the report, the LEA shall immediately begin correcting the findings of non-compliance documented in the report. The plan will address the activities the LEA will implement to correct the areas of non-compliance identified during the on-site visit as soon as possible, but in no case more than one year from the date of the notification report from the LDOE.

D. The progress toward completing the activities in the plan will be tracked by the LDOE to determine if the timelines are being met and that noncompliance is corrected as soon as possible, but not later than one year after receiving written notification from LDOE. LEAs will submit evidence and data as requested by the LDOE to show completion of activities and evidence of change in the LEA as a result of the corrective action plan. Based on a review of submitted evidence, the LDOE will decide whether the LEA has met compliance requirements or determine whether a follow-up, on-site visit must be conducted to determine if the LEA has made systemic changes and changes to address any student-specific noncompliance to correct the noncompliance addressed in the corrective action plan.

Emissions Inventory  
(LAC 33:III.919) (AQ399)

Under the authority of the Environmental Quality Act, R.S. 30:2001 et seq., and in accordance with the provisions of the Administrative Procedure Act, R.S. 49:950 et seq., the secretary gives notice that rulemaking procedures have been initiated to amend the Air regulations, LAC 33:III.919 (AQ399).

This Rule change removes a requirement to receive a written release from reporting in order to discontinue submittal of emissions inventories when a facility is not required by an effective permit and no longer meets the reporting thresholds established by the regulations. The basis and rationale for this proposed Rule are to remove an unnecessary burden on the regulated community. A written release from reporting is no longer needed as a means to distinguish between facilities that failed to report an emissions inventory and those that no longer meet the requirements under the Rule. This Rule meets an exception listed in R.S. 30:2019(D)(2) and R.S. 49:963.B(3); therefore, no report regarding environmental/health benefits and social/economic costs is required.
